

## How to Sign up for a MyCashlessCampus Account

1. Go to <http://www.mycashlesscampus.com/>
2. Select the school your child attends
3. Click the “**Get Started**” on the bottom of the page

### Welcome to the MyCashlessCampus.com Parent Center Launch Page

Click on your school below and click 'Get Started'.

Mercy High School  
Edgewood High School  
Paul VI Catholic High School  
San Francisco University High School  
Jewish Community Center  
John Carroll High School  
Holy Trinity Episcopal Day School  
Saint Francis High School  
St. Anthony's High School  
German School  
Dorris-Eaton School  
Southfield Christian School

4. Click on “**Register your account now**”

**Pay Online with the Southfield Christian School**  
*Pay items online, 24 hours a day, without sending in cash, access school resources, notices, and more!  
Sign up for your account today.*

Welcome to  
**Southfield Christian School**

Email:

Password:

Remember me on this computer.

[Trouble Accessing your Account?](#)

**Don't have an account yet?**  
[Register your account now!](#)

5. Follow the steps below to complete registration for your account
  - a. Select “**Southfield Christian Middle & High School**”

## Register a New Account

### Step 1 - Choose a Location

Welcome! Registering with Southfield Christian School is an easy and quick process, all you need is an email address and the name or ID of the account you wish to register. During registration we will create one account, but you can add more accounts to your profile anytime afterwards.

The registration process starts by choosing which location you'd like to register your first account in. Type your location's name in the search bar to filter the results of all available locations.

Search:

Location Name
<input type="radio"/> Southfield Christian Elementary School
<input checked="" type="radio"/> Southfield Christian Middle & High School

- b. Create your account and attach your child

## Register a New Account

### Step 2 - Create Your Profile

You can now create your profile which you will use to log into the site. Enter an mail address and password, as well as your name to create your account.

Your Name:

Email Address:

*Make sure this is a valid email address as we will send an activation link to this email address to enable this account in the final step.*

Password:

Confirm Password:

*Enter a password at least 8 characters long. The best passwords contain both uppercase and lowercase letters, numbers, and symbols. A good password is easy to remember but hard to guess!*

### Create the Account at Southfield Christian Middle & High School

You can now create the account at the location. This will be the account that you will purchase items online on behalf of. When we receive payment for online purchases, we will know it was for this account.

Enter the name and birthdate of the account you wish to create. We will use this information to look up the member at Southfield Christian Middle & High School. Please enter it **exactly** as this person was registered at this location, to protect your identity online, we can only find your account if it matches exactly.

First Name:

Last Name:

Birthdate:

Location: Southfield Christian Middle & High School

- c. Verify your child's information (*see the next step if your child record cannot be found*)

## Register a New Account

### Step 2 - Create Your Profile

We found a record that matches your description:

**Corinna H** (ID: 999)

Does this look like the correct account?

- d. If you receive this error message, please contact your school's Business Office. Do **NOT** continue on with the enrollment process; proceeding to completion will result in your child not being able to use the system before the fictitious account created is rectified

## Register a New Account

### Step 2 - Create Your Profile

### Oops!

We didn't find a record that matched the name and birthdate you supplied.

This isn't a problem, sometimes the location data is missing records or has the name slightly different.

You can try searching again, or enter an ID and phone number below. We ask you include a phone number so if we can't match your payments and purchases to a person, we can call you and ask who you meant to purchase for.

ID:

*Enter the unique identifier for this account, this could be a student number, employee number, etc.*

Daytime Phone:

*This phone number is only used if we cannot tell who you are trying to make purchases for. If you do not include a **real phone number**, your payments and purchases may be rejected and refunded.*

- e. You will receive confirmation once you have successfully completed registration

### *Register a New Account*

*Registration Completed!*

You have successfully registered.

There is still **one more step** to finish before your account becomes active.

We have sent you an activation email to **support@eccocard.com** to verify your email address was entered correctly. Simply click on the activation link in the email and your account will be activated immediately. The email will arrive from *no-reply@cashlesschools.com*, please make sure your email provider does not think this is spam.

Thank you for registering

- f. To successfully register your account, please check your email for an activation email. Once you click on the link provided, your account will be activated immediately

Hello James Scott,

This verifies your email address is correct. You can activate your account instantly by following the link below:

<https://sfuhs10031.mycashlesscampus.com/r/e/?a=a&u=TUA12-5764&i=95E7D1DF30>

(If clicking the link does not work, try copy and pasting it into your web browser.)

*Demo School Parent Center*

#### **What is the Parent Center?**

The Demo School Parent Center is an easy and secure website for parents, guardians, family, and employees to pay fees and purchase items from their school from the convenience of their homes.

- Payments can now be made online 24 hours a day.
- No more sending cash to school where it can be lost or stolen.
- Online resources, including downloadable permission forms, purchase receipts, and payment history.

Welcome to  
**Demo School**

#### **Success!**

You have now activated your online account. You can log in using your email address and the password you set when you registered.

### Create a New On-Campus Wallet

Update the options below to change your on-campus wallet options. Please note, it may take several hours for these changes to take affect at the location.

For: Corinna H

Unique ID:

*The unique ID is what links this wallet to the account. The numbers must match in order to make purchases. If you are having trouble making purchases on-campus, ensure your unique ID is correct by confirming it with Mercy High School.*

PIN:

*The PIN is a 4-6 digit number used to access your on-campus wallet. **Do not share the PIN** with anyone.*

Re-type PIN:

Daily Spending Limit: \$   No Limit

Special Notes:

*Enter any special notes that may be important. For example, if your location has a cafeteria, include any **allergies** or special **dietary requirements** to help minimize any problems.*

*We cannot guarentee all instructions will be followed, but they will be visible to the cashier.*

**What is an On-Campus Wallet?**

The on-campus wallet allows you to use money at a location without having to carry cash. Using an ID card or even biometrics (such as a fingerprint), your accounts can make purchases at a location, such as the **cafeteria**, quickly and safely. No longer will you misplace or lose cash.

Using the on-campus wallet also means you can see what was purchased and paid for. Reprint receipts and keep track of your cafeteria or store purchases.

- b. Verify your child's ID is correct, set a Daily Spending Limit if you wish, and type in any additional information in the Special Notes section if necessary (ex. dietary restrictions)
- c. Click "Save Wallet"

## How to Load Funds on MyCashlessCampus.com

1. Log onto your parent account by visiting [www.mycashlesscampus.com](http://www.mycashlesscampus.com)
2. Select “On-Campus Wallet”

## How to Track Account Activity on MyCashlessCampus.com

1. To check the account balance of your child, please log into your parent account by visiting [www.mycashlesscampus.com](http://www.mycashlesscampus.com)
2. Select "Account Activity"

The screenshot shows a vertical navigation menu on the left side of the page. The menu items are: 'Your Account' (with a dropdown arrow), 'Profile Settings', 'Manage Accounts', 'Email Preferences', 'Add New Account', 'Account Activity' (circled in yellow), and 'Logout'. Below this menu are three more sections: 'Shopping Cart', 'Fees' (with a dropdown arrow), and 'Help Desk' (with a dropdown arrow). The 'Fees' section includes 'Pay for Online Fees', 'Donations & Fundraisers', and 'On-Campus Wallet'. The 'Help Desk' section includes 'Contact Us', 'FAQ', and 'Tutorials'.

### Account Activity

Keep track of your history and any changes to your account with the activity monitor. All actions on the account, such as changing passwords or emails, as well as all purchases and payments are recorded here.

Date (PDT)	Action	IP
September 02, 2010 3:27:55 PM	You have setup an on-campus wallet for Corinna H (999).	173.164.139.25
September 02, 2010 2:56:31 PM	You added the member Corinna H (TMA12-6771) to your profile.	173.164.139.25

Page 1 of 1 (2 records total) ◀ ▶

3. Under **Account Activity**, you will be able to see the date and time of any changes made on the account, purchases and payments. This will allow you to confirm whether deposits into student accounts completed successfully

The  *SAGEM MORPHO, Inc.* **Biometric Process**

**Step 1: Finger is scanned and viewed by the MorphoTouch access unit at the point of entry.**

**Step 2: In applications for children (under the age of 18) the image is standardized and resized before processing.**

**Step 3: System develops a grid of intersection points from the swirls and arcs of the scanned finger.**

**Step 4: The image is discarded from the record and is no longer available to the system or any operator. Only a “Template” remains that indicates the intersection points.**

207895.3094.92345.128056.1239  
87.10294.24360.193245.3495.29

45.3495.2983.07895.3094.92345.  
128 5178954 0.193  
245 2345.

**Step 5: In fact, all that the MorphoTouch stores and recognizes for each individual is a set of numbers that can only be interpreted as a template.**

**The system only remembers and processes numbers for each individual, just like a social security number. The advantages with a biometric approach is that the number cannot be duplicated, lost or stolen, and, uniqueness is defined by the individual.**

**The differences between forensic (or, criminal) applications and the MorphoTouch commercial product:**

- **The MorphoTouch captures only 1 or 2 fingers**
- **Forensic AFIS applications capture all 10 fingers**
  
- **The MorphoTouch captures flat images**
- **Forensic AFIS applications capture rolled images**
  
- **Flat images reveal the center of the finger and require only a minimum of unique identifying points (around 40)**
- **Rolled images are called “nail to nail” because they capture unique identifying points on the entire finger surface area in order to collect the maximum number of unique identifying points (around 112)**
  
- **For applications involving children, the MorphoTouch standardizes and resizes the image before looking for unique identifying points.**
- **In forensic applications, finger resizing and standardization is not allowed.**
  
- **Data taken from a resized (children’s) image on a MorphoTouch system cannot be used on a forensic system**
- **Data taken from a forensic system juvenile record cannot be used on a MorphoTouch system**

- The primary purpose of a forensic system is to identify suspects based upon latent images taken from a crime scene
- The purpose of the MorphoTouch is to quickly and accurately verify a person already known to the system

## FAQ's

“Can my child’s finger print be taken off of the MorphoTouch?” **No. The finger print image is not stored, only evaluated.**

“OK, so can my child’s fingerprint data be taken off the MorphoTouch and used to re-create their fingerprint?” **No. There is no way for any fingerprint computer, or for that matter, any fingerprint expert, to extract the record and reconstruct a person’s fingerprint image from this data. To be clear, there is no possibility of “reverse identification” as it is called in the biometric industry.**

“But can my child’s fingerprint *data* be taken off the MorphoTouch and used as is on another fingerprinting system?” **No. Because of the way the image is evaluated, the resulting record is useless to a forensic application.**

“Can my child’s fingerprint be copied or used by anyone else?” **No.** It is not possible to duplicate or falsify fingerprints with the accuracy necessary for unique identification.
